

CONTENTS

- Previous Year's Solved Paper

PART-I

- Mental Ability Test 1–100

Verbal Reasoning

1. Relationship or Analogy Test 3–14
2. Spotting Out the Dissimilar 15–23
3. Series Completion Test 24–35
4. Mathematical Ability Test 36–43
5. To Find the Number of Geometrical Figures 44–49
6. Venn Diagram 50–51
7. Diagram Type Test 52–53
8. Blood Relation Test 54–60
9. Sitting Arrangement Test 61–66
10. Coding and Decoding Test 67–77

Non-Verbal Reasoning

1. Non-Verbal Series Test 78–91
2. Figure Analogy Test 92–96
3. Figure Classification Test 97–100

PART-II

(Scholastic Aptitude Test)

- Social Science 1–84

History

- 📖 History 3–17

(The New Kingdom, Modern India, Raja Rammohan Roy and Brahmo Samaj, Young Bengal Movement, Reform Movements in Western India)

- 📖 Objective Type Questions 18–26

- 📖 Geography 29–53

(Universe, Composition of the Earth's Atmosphere, Highest Waterfalls of the World, Lakes of India, World's Largest Islands, Longest Rivers of the World, States and Union Territories of India, Highest Mountain Summits, India River Network, Mangroves in India, Deserts, India's Multipurpose Projects, Minerals and Their World Distribution, Minerals in India, Energy Resources, NTPC : Project Profile, Plant Resources, Grasslands, Food Crops of India, Important Cash Crops of India, Major Industries : India, Transport System : India, Indian Railways Zone, Environment, Indian Population—At a Glance)

- 📖 Objective Type Questions 53–64

Civics

- 📖 Constitution of India 67–79

(Act of 1858, Framing of the Constitution, National Symbols, Fundamental Rights, Duties and Directive Principles, Government at the Centre, The President, Government in the States, The State Judiciary : High Court, Panchayat's Three tier System, Foreign Policy of India, List of NAM Summits, Summits of SAARC, SAARC Years, United Nations : Principal Organs, Secretaries General of the United Nations, Eminent Indians in the United Nations, Other Important Organizations, International Days, Miscellaneous Facts)

- 📖 Objective Type Questions 79–84

- Science 1–72

1. The Universe 3–8
2. Soil 9–12

3. Air	13–19	3. Index and Surd	17–21
4. Cell Structure and Function	20–23	4. Algebraic Expression	22–26
5. Micro-Organisms	24–29	5. Division of Algebraic Expression	27–30
6. Common Diseases	30–33	6. Equations of One Unknown	31–37
7. Food Production and Management : Basic Practices	34–38	7. Profit and Loss	38–44
8. Transformation of Substances	39–41	8. Compound Interest	45–52
9. Refraction of Light	42–48	9. Parallel Lines	53–56
10. Carbon	49–52	10. Construction of Quadrilaterals	57–58
11. Structure of Atom	53–57	11. Chords of Circle	59–61
12. Metals and Non-Metals	58–62	12. Angles in A Circle	62–67
13. Electricity and Magnetism	63–67	13. Tangent Lines of A Circle	68–70
14. Sources of Energy	68–72	14. Area of Rectilinear Figures	71–74
14. Sources of Energy	68–72	15. Circumference and Area of A Circle	75–80
● Mathematics	1–88	16. Volumes and Surface Areas of Solid Figures	81–86
1. Square and Square Root	3–11	17. Statistics	87–88
2. Cube and Cube Root	12–16
